# Noblis and the Centers for Medicare and Medicaid Services (CMS)

Noblis is the long-standing Program and Project Management Support (PPMS) contractor at CMS. With each renewed engagement, our teams have achieved a deeper and even more comprehensive understanding of CMS business processes, program stakeholders, systems, and data. Noblis has worked side-by-side with CMS to successfully challenge the status quo and drive innovation in a rapidly changing technology and business environment. Noblis' work has helped CMS to operate with greater efficiency, improved interoperability, increased flexibility, and the agility to achieve innovation-led advances in performance and business value.

## NSR to Seedling to Client Satisfaction – Benefits of Noblis Non-Profit Investments

Noblis Sponsored Research (NSR) fuels Next Generation solutions to our clients' most critical challenges. Our yearly investment in this program, along with our ethical practices, is part of what makes us a unique nonprofit organization. The NSR program generates impactful, sustainable solutions - such as our cutting-edge work with Artificial Intelligence and Machine Learning at CMS.
