Program and Project Management Support Services

Team Noblis develops a strategy to help our customers embrace innovation, adapt to a changing IT environment, and empower staff to drive engagement, harness new technology, improve efficiency, and meet shifting expectations. Program and Project Management Support Services (PPMS) provides rapid, on-demand support to the Centers for Medicare and Medicaid Services (CMS) in implementing immediate legislation activities and mission-critical projects.

We provide a wide variety of support and subject matter expertise in areas such as:

- Advanced Analytics (ML/AI/NLP)
- Visualization
- Agile Excellence
- Analysis/Design Support
- Briefings
- Business Process Management Analysis
- Cloud Data, Platforms, & Security

- Consultation
- Development/Maintenance Support
- Engagement Agreement Requirements
- Enterprise Security and Encryption
- Guidance
- Human Centered Design
- Meeting Support
- OKRs

- Program Assessments
- Program Management
- Risk Management
- Solutions Engineering & Architecture Delivery
- Studies & Research
- Training

Major CMS Programs/Initiatives Supported

- End User Improvement
- Enterprise Data Encryption
- Disaster Recovery as a Service (DRaaS)
- Acquisition Playbook
- Cloud
- COVID-19 Response

Customer Benefits of Using PPMS

Rapid response times to priorities

- We can go from MOD request to working in less than 3 weeks
- Includes projects that require teaming and new hires

Access to Full Suite of Noblis Research

- Includes multiple centers of excellence, labs, and Noblis Sponsored Research
- Provides our customers leading edge technologies such as AI/ML/NLP integrated into the solution

Reduced Procurement Time and Effort

- Streamlined acquisition process (Budget, SOO, Confirmation of Scope, Mod Request)
- One PPMS COR, customer specific GTL's

Flexibility In Contract Structure

- PPMS projects have run from 6 weeks to many years
- Support FFP, T&M, and OLM CLINs
- Navigate projects with complex OCI concerns due to NDA mandates and management structure

Noblis and CMS

Noblis has delivered over 25 years of exceptional service and has a compelling history of supporting and working with the Centers for Medicare and Medicaid Services (CMS). With each renewed engagement, our teams have achieved a deeper and even more comprehensive understanding of CMS business processes, program stakeholders, systems, and data. Noblis has worked side-by-side with CMS to successfully challenge the status quo and drive innovation in a rapidly changing technology and business environment. Noblis' work has helped CMS to operate with greater efficiency, improved interoperability, increased flexibility, and the agility to achieve innovation-led advances in performance and business value.
